Panel Code Suffixes

Where a design allows, Designer Door Panels are available to order with the option of decorative aluminium trims. The different designs are designated by the following panel code suffixes. Please ensure you select the correct panel code when placing an order:

PMxxxxP = Plain PMxxxxT = Trim

Cut-To-Size Panels

Panels are offered with an optional cut-to-size service for a supplemental cost of **£25.00** per panel. Minimum cut-to-size dimension: **585mm W X 1630mm H**.

Please Note: The cut-to-size dimension will be centered according to the pattern alignment of the panel selected, as detailed in the table below. For additional information please refer to the cut-to-size specification document for detailed drawings of the pattern alignments for each design.
